

Best Self-Defense Catalog Wholesaler 2022 Dealer Dropshipping Program Updated

Press Release Distribution Report

Sep 21, 2022

Press Release Details

- Title: Best Self-Defense Catalog Wholesaler 2022 Dealer Dropshipping Program Updated
- Date: 2022-09-21
- Content:

Safety Technology, a professional wholesale supplier of non-lethal self-defense devices based in Jacksonville, Florida, has updated its dropshipping program for authorized dealers of its security products. The program offers individual sellers and businesses access to more than 200 products that can be sold online or at physical stores, trade shows, or home swaps.

More details can be found at <https://www.safetytechnology.org>

This updated service offers a reliable, scalable, and low-risk self-defense business opportunity for interested dealers. There is no minimum order, starting fee, or drop-shipping fee required to be an authorized dealer of Safety Technology products. For those who do not currently own a business, the company also provides the option of building an e-commerce website or setting up an authorized dealership for the business applicant at a one-time fee of \$35.

Safety Technology's dropshipping program is structured so the dealer does not stock any products but forwards the order received to the supplier for fulfillment. This lowers investment risks for the dealer as they do not need to bear the purchase and inventory maintenance costs. Without having to maintain an inventory, dealers have the flexibility to work out of any location and can scale their business to offer as many products as they want.

Safety Technology is the largest wholesaler of personal security devices, hidden cameras, and surveillance systems in the U.S. since 1986, offering more than 200 self-defense products such as stun guns, kubotans, pepper sprays, alarms, and tactical pens. The company is also a Master Distributor for ZAP Stun Guns, Mace, and Garrett metal detectors.

These products can be sold across a variety of online platforms such as eBay, Amazon, Facebook Marketplace, Walmart Marketplace, and independent websites. Products can also be sold in-person at industry shows, flea markets, trade shows, home parties, and setting up routes at physical stores.

Michael Gravette, President of Safety Technology, said: "Safety Technology, and I, believe that every person has the right to self-defense. We support this right by providing a full selection of non-lethal self-defense devices through our Network of Authorized Dealers."

Interested parties can find more information via the above-mentioned website, as well as at <https://www.safetytechnology.org/dealer>

Google Pickup

[Click here to check out the pick-up in Google](#) to see how many pages Google has discovered and indexed, which represents just a partial list of where your release and news has been published, shared and discussed.

Keyword Rankings

Recorded Keyword Rankings: 86

Our crazy tech monkeys have searched the web far and wide to find out what keywords your press release is ranking for. They worked hard and literally checked for hundreds of possible rankings.

Your press release ranked in the number one position in Google for 65 keyword phrases and was in the top ten for 80 phrases!

Below is a partial list of keyword rankings we were able to track. These rankings are a snapshot from the time we did our rank checking which was shortly after your release went live. These rankings are likely to change over time.

Want Ongoing Keyword Tracking?

If you would like to track the rankings of your press release over time, then the only platform that has the technology to do this is [Serped](#).
